

CNC Programmer / Machinist Position

Full-Time Position

Job Location: Surrey, BC, Canada

Start Date: Immediate

Who We Are

Kobelt Manufactures quality products that are built to last; that quality starts with our team. We are a company located in Surrey with over 50 years of experience developing and producing reliable products for the global marine and industrial sectors. To find out more about our company and our products, please visit our website at www.kobelt.com.

The Role

We are currently looking to expand our team by adding a CNC Programmer and Machinist to work in our Milling Department. Kobelt is a medium volume shop and we are looking for a skilled individual that can program new or existing parts and fixtures using MasterCAM, as well as machine the fixtures and parts utilizing our new high-speed CNC machines and pallet changers.

Qualifications

Our ideal candidate will have a minimum of 3-5 years of programming and machining experience. To excel in this position, the applicant will need:

- an ability to quickly solve programming and fixture problems
- an ability to work independently
- to be focused on meeting all safety and quality standards by maintaining a clean and uncluttered work environment
- the ability to read, write and communicate effectively in English and
- to be legally able to work in Canada

This is a full-time, career position for the right candidate. Hours of work will be 6:00AM - 2:30PM with the possibility of an afternoon shift in the future. Kobelt offers competitive wages and a comprehensive benefit plan.

If you are interested in this position, please forward your resume / CV in PDF Format to our Hiring Manager at hr@kobelt.com. We look forward to speaking with you about this opportunity to join the Kobelt team.
